

sortimat changes name to ATS

Consistent naming conventions for all ATS Life Sciences Europe sites

Dear ladies and gentlemen,

we are pleased to inform you today about an important step in the integration journey of our sortimat sites into the ATS Group. **Our European subsidiaries continue to grow together and will uniformly carry the ATS name as of April 1st, 2021.** Please note down the name change in your databases.

Current Name	ATS Name from April 1 st , 2021
sortimat Handling Systems – Niederlassung der ATS Automation Tooling Systems GmbH Am Tannwald 2 78112 St. Georgen	ATS Automation Tooling Systems GmbH Am Tannwald 2 78112 St. Georgen
sortimat Assembly and Feeder Technology – Niederlassung der ATS Automation Tooling Systems GmbH Birkenstrasse 1-7 71364 Winnenden	ATS Automation Tooling Systems GmbH Birkenstrasse 1-7 71364 Winnenden

Together with ATS Automation Tooling Systems GmbH in Munich, **the three sites form 'ATS Life Sciences Europe'**. The consistent naming further reinforces the already profound cooperation of our three sites according to the motto: **ONE Name - ONE ATS Life Sciences Europe - ONE-Stop Partner for Life (Sciences)!**

Together, Munich, St. Georgen & Winnenden will continue to position themselves in the Life Sciences segment as the leading supplier of automation solutions in the European region. We focus especially on medical devices, medical diagnostics and pharmaceuticals, but also continue to serve other business segments like Automotive, Consumer Products, etc. Therewithin, we leverage the individual strengths of our locations in order to be able to offer our customer a one-stop experience.

Please note that this is only a name change. All general terms and conditions, sales and delivery conditions, tax numbers, organizational structures, machine portfolio, etc. remain unchanged. Our customers will continue to receive the **usual services and support for the machines supplied via each location.** Furthermore, the **street address known to you remains the same.**

We would like to take this opportunity to thank you for your trust and our good business relationship! We are looking forward to successfully realizing further projects together with you as the ATS Life Sciences Europe Group.

Follow our [new LinkedIn profile](#) where we will keep you updated on all our activities such as the new standard [autoinjector manufacturing system](#), expert insights, [videos](#), the upcoming launch of our new joint website and much more!

If you have any questions, please do not hesitate to contact us at lifescienceseuropa@atsautomation.com or simply get in touch with your contact person at our company.

Yours sincerely,

Matthias Dannemann - General Manager ATS St. Georgen

Stephan Pieper – Director Service & After Sales Division ATS Winnenden & ATS Munich

Ulrich Frickmann - General Manager ATS Munich
